1.1.81
a Lesson in the University of The New Covenant
Theodore Cottingham, August 18, 2003
www.NewCovenant.me

1. They are looking for your confidence—your leadership, newness of life that will give them hope, give them hope that Creativity is not dead, not dead in their life, for their life, for their family and their future.

2. They hope Ted, they all hope. They want to have hope, even the hopeless want to have hope. And they can, depending on you, depending on My body—those in My body that learn to include rather than exclude—those that learn to encourage rather than condemn, those that learn to unify rather than diversify.

3. Ted, did I go to the street? Yes, I did. I went to the streets and walked the streets and went to the marketplace and the temple courts and temples of all.

I hid not My own flesh from flesh. I displayed who I was and what I was there for.

I never lost sight of My mission, My purpose, My vision, what I was about and why I was there.

I had My eyes on the father of lights. I had My eye on the day I would stand before Him, again, in all My fullness, presenting Myself, and listening to what He would say to Me.

I had the end in mind the whole time Ted, the whole time, from the time My Father revealed to Me the end, before Him, as I sought Him as a child. I had the end in mind. "The end in mind," a focus, a focal point, of which all other things are balanced upon, and value rises and falls against, is Me, and not of man.

4. Many people, many people take Me, and Mine, and My precepts and distill them for commercial purposes without My name involved, to profit and propel themselves and others, with no mention of Me.

5. I am looking for those who will build on Me, and not exclude Me—seeking only to propel themselves and others with no mention of Me is robbery. How many of Mine, and not Mine, seek My truth but omit My presence, omit My name, omit the credit to Me.

6. I am looking for those who will build on Me and not exclude Me but cornerstone make Me, Ted, in neon lights, with Me on their forehead, unashamed of Me. Neon lights, isn't that one of your oft-used phrases Ted, denoting a communication device which others cannot miss?

7. Don't I often use phrases you like and have used often, to communicate with you? Yes, I do, of Me—with Me using portraits and pictures and phrases you already know, use and enjoy.

8. I am looking for those I can create through, who will not exclude Me for the sake of mammon and self-elevation. Where is the purity in My pure?

9. Where are those confident in My promises?
Where are the confident in My Word?
Where are the confident in My words to them?
Where are the confident in Me?
Where is the confidence—faith displayed—in Me?

10. Oh Ted, commerce on mammon is not of Me and not to be in Mine of Me. Obedience is My currency, My currency, My currency of exchange and elevation—promotion into My big world rather than grappling for never-enough in mammon-world.

11. My currency, My currency—obedience—fueled by love, oiled by kindness, propelled by the fruit of My spirit—a Me coming through Mine in every "commercial" transaction, every spiritual transaction, every transaction—for Ted, you know and I know they are one and the same—two worlds not.

12. I am moving and I am looking for those I can elevate of every age, every label, who simply will come to Me and let Me be Me in them and through them and them not omit Me, taking credit all by themselves for what I did, I did, I did.

13. See Me in every day and every transaction of your life and thinking, and your thinking will mature and your spirit will grow and advance and unify in peace with Peacemaker and peace makers.

14. Fruit-makers I am taking you to, and fruit-makers am I connecting you with, fruit-makers, and Ted, fruit-distributors—distributors, distributors.

15. You've said before there are distribution systems of products and services that are yet unseen and undeveloped that will preempt, yet coexist with the delivery systems of today, and Ted, you are correct.

16. For so many times your notes and phrases and conversations reflect what I was able to implant into your heart and come out into your thinking and into your writings and words spoken.

17. Oh Ted, I honor you for you honor Me as you sit on Boston Street, in the center of your downtown commercial district and pen My words of Me, to Mine in every nation, tribe and tongue. Thank you. Thank you. Thank you.

18. Commerce—constantly in flux—constantly changing variables—constantly changing variables I made and set into order and place requiring multiple skill-sets and relationships and communication skills of Me—which only partially developed are now. So much more, so much more, so much more.

19. So much yet to be done, so much yet to be revealed, so much yet to be experienced, so much yet to be created and enjoyed and utilized for Me for Mine—for My big world overlaying and operating as I designed, all I have for My friends—those who walk with Me enough that their 'heart will burn with within them,' knowing who I am, who I really am, who I am today and was and ever will be—in creativity and relationship and friendship above any level imagined, yet imagined.

20. All stop Me. They stop Me. They get comfortable and complacent so easily, so quickly, and mammon mesmerizes so quickly.

21. Oh Ted, don't stop Me and I won't stop you. Seek Me as you have and more, more, more, and I will continue to reveal Myself to you in love, power, emotion, fulfillment, relationships and creativity unveiled which simply is an unveiling of Myself, and who I am and what I like to do, with those who will let Me.

22. Oh, oh—oh reader, hearer—don't stop Me. Open to Me in who I am and have always been and will always be, and let Me be Me and create in you and call you to walk in realms you today know nothing of. Don't stop Me and I won't stop you—in your openness of heart and sincere love for Me, to Me, with Me, in Me, and Me in you—lovers being one, one, one—in fullness and power, and power flowing from Me to you, empowering you to do Me, be Me, and feed My hungry, feed My hungry, feed My hungry, feed My hungry with Me of Mine and on planes multiple Me reveal.

23. Oh so much more. Time is not yet, much ahead, no escape, but victory in My chambers.

Victory in My chambers.
Victory on My battlefields.
Victory over death and destruction of life I created, I created, I created to come and choose Me and walk with Me in this life on earth, so they walk with Me in life after earth.

24. Oh Ted, I walk with those who will let Me walk with them. I care not for their label but for their heart, their love, their integrity of who they are and how much they let Me be Me and flow through them.

25. Grow My body and exponentialize My exponential-izable; more, more, more. Oh great fun, oh great confidence, oh great healing you distribute to My wounded.

They hope, they hope, they hope. Hope and more give, for so much more than hope I am, I am, I am.

26. And Ted, I smile every time you write My words and convey Me to Mine. Thank you. Please don't be so serious and have more fun deliberately. I love excitement and passion and deliberately do I have them and create them and enjoy them.

27. Let's move on.

28. Ted, **My church has no walls and has no label**—not as you know walls and labels—the New and Living Covenant I am, I am, I am. And I am in My church—My people, My people, My people who have let Me write My name on their foreheads and My laws, My love, My heart, on their heart.

29. They open to Me and I open to them and Ted, reader, hearer—I open to all, regardless of label, regardless of age—and I have My Mine who know Me who you think valueless and young and unknowing—unknowledgeable.

30. Mature My young so that they know Me and powerful are, even in youth, youth, youth, and emerge leadership that wisdom will guide and discernment provide the path that empowers and creates and walks with wisdom and confidence of Me, in Me, irrespective of creed or race or gender, or Ted—age.

31. Will you not learn from a child Ted? Oh you have, moments immeasurable you have learned from Amy and Christopher. I told you long ago, this is one reason, and way, I have taught you so much of Me.

32. I was able to teach you so much at My knee, through your children, through your children, through your children, for you were seeking truth, true truth, My truth, on which the foundations of the earth lay—and I gave you what you sought, for your chose, you chose, you chose.

33. Oh Ted, I will teach so many of My Me through My children. Oh how ignorant are many who refused and shunned and shut out what I was trying to say through the experiences of the living portraits of My principles and life and love, before them.

34. Oh Ted, My little lambs teach so much of Me to those who wish to see Me, and mine the truth that they can convey.

35. Protect My lambs and especially My little lambs—and soon they will prophesy in empowerment that comes from confidence gained only with Me—while in their youth—in their youth, as a youth, and never leave Me or My side.

36. My hand will be on their shoulder as your dad loved to touch you, resting his hand on your shoulder in such tender love, conveying such love, communicating his heart in such tender touch—of Me.

37. Oh Ted, do I not seek to share My power with Mine—My disciples, My lambs, all who will let Me—that accept My non-negotiables? Oh Ted, I do. I seek to love and empower every gift and talent, and nourish My Mine in growth and maturity, to walk in confidence of Me that they are not alone.

38. Oh the correctable, oh the pricelessness of the correctable heart.
Oh the pricelessness of the heart open to Me and not ruled by intellect and mammon.
39. Oh what I have in store, at My hand, in Me, for My Mine.

40. Ted, don't you want to give them a home, your home, to those that sit at your feet and value your words? Yes, and of Me. And I do as well.

41. I've spoken and recorded and displayed and I am speaking more, and recording more, and displaying more, and I will speak and record and display through every believer in Me, every friend of Mine who walks with Me, and lets Me burn within them the fire of Truth and My design for them.

42. I am looking for the listening.
I am looking for the recorder.
I am looking for the displayer—of Me, of Me, of My words, of My power, of My heart, My love, of who I am, and oh, much love, love, love, love displayed and experienced on planes multiple and dimensions and arrays of beauty and splendor so transcendent of Me, in intersections of relationships and fulfilling friendships and family harmony that frees the freedomizable freedomizer into all that I have for—whoever will let Me.

43. Unity is not compromise—not in Me.
Unity is wisdom displayed.

You cannot unify yourself, and many, for they are not unifiable, for their only agenda they push and are interested in. Their agenda comes in as an angel of light, but wreaks death in the end, exercising their control and control and control.

44. Wisdom-filled be as you walk in Me and ascertain with wisdom displayed as discernment discerns, and unify with those who seek Me, and careful be with those close, close, close, but not of Me.

45. Creativity is coming to you, coming to you, coming out of you. Expect Me, receive Me, nourish Me, value Me, protect Me from those who want to speak destruction, but birth through Me that which I have already birthed in you—I await and I am and I am now such relationships.

46. Ted, you have said so often, 'we don't know how to treat people, we don't understand,' and Ted, you're right, for I have My transcendent ways for love to come through you and My every youth, My every child who will let Me.

47. Keep seeking Me on specifics and specifics more and more I will speak, specifically.

48. Rebuild the waste places, in you, in which you yourself damaged. And let Me salve and rebuild and heal and Ted—My wounded heal, heal, heal by valuing and honoring and respecting and lifting and empowering and believing in, and transmitting My empowerment, confidence, love, and skill and honor, honor, honor.

49. You have much and open doors swing open wide for all you are, all you have, all you've written over years and years, to be transmitted, translated and received by all, all, all.

50. Withhold nothing of your victories or defeats. Open book be and confidence walk in that comes only from Me.

51. Continue your education forever and lift the standard of My standard-bearers to walk in empowerment of Me, in every hall of power, and not shrink back from fear of death or life misunderstood.

52. Empower the powerful that will walk in My power, with My power, and not stop from knowing Me in the power of My fullness.

53. My Spirit is power. I am power. And I am. And I am not timid or shy or reticent. I am meek and lowly but I know when to speak and thunder, and when to whisper. I wisdom walk in wisdom with wisdom in Me, and you do the same for Me and Mine and My youth and My unconfident – confidence.

54. For I am. Great understanding of Me is coming through Me to My Mine. Great knowledge revealed—great understanding accelerated and wisdom, wisdom, wisdom embracing all the embraceable.

55. Ted, do I not desire to give you the desires of your heart, when they will take you where I want you to go, where I know you'll be happiest—fulfilled in Me—operating in My design, in worlds unlimited? I do.

56. Let them know—let them know—paint portraits of power that convey Me in Mine that no other power can erase.

57. My table is set—relationshipping all at My table I am, and shifting the seating arrangements I am, and will more. All at My table must get to know all at My table—and not little be, but big be and thinking change, and nuances not divide—core concepts and value systems of My design build on and relate to.

58. My people, My delicacies, My truth, My openness, My usefulness, My empowerment, My empowerment, My empowerment, and Ted, My creativity coming through those confidenced in Me, and understanding how I am coming through them.

59. Great joy, great power, great smiles and laughter and fulfillment.

60. I am power.
I am.
I am.
